RESPECTisms Questions Guidance

Use these questions to start a **friendly conversation** with your child or class.
Listen to their thoughts and let them share their ideas. There are no right or wrong answers.
After they give their answer, try asking: **"Why do you think that?"**
This helps them talk more and think more deeply.

1

What problems could Reece have caused by leaving the mess on the floor?

2

What do you think Reece should have done first before running after Biscuit?

3

If you were Reece, what would you have done?
